US AMBASSADOR

MEET THE TEAM

Ben is a dedicated outdoorsman and conservationist living in western Kansas. He is passionate about supporting local and national hunting programs that help maintain species populations and protect habitat for wildlife. Ben enjoys returning to his childhood home of Wyoming to hunt the high country or spending time on international hunts where he explores how other cultures utilized hunting to enhance wild animal populations.

He likes to perfect distance archery and long range rifle techniques and always enjoys discussing hunting with others. Ben is the owner and founder of Prairie Fire Pheasants, a private hunting reserve in the heart of Kansas.

THOMAS is one of our lead trackers who's skills and expertise ensures an unforgettable hunt.

Avid outdoorsman. Born and raised with Agricultural roots in South Carolina, he has a deep passion for land and wildlife conservation, and works to extend the tradition of hunting for future generations to come. Currently residing on the South Carolina coast in Charleston, SC, John Martin enjoys laid back southern living and all the wildlife it has to offer. He is an avid fisherman, white tail deer hunter, wild turkey, and wing-shooter, whose passions have taken him to numerous states and countries in pursuit of these wild game for the past 20 years. He has found a new love for plains and dangerous game hunting that South African Safaris offers, after sharing his first hunt with his late father in 2018. He wishes to carry on his father's tradition of introducing avid hunters to Safari adventures, so that they can also experience the greatest hunting thrill of them all"

NEAL MURPHY
US AMBASSADOR

Neal started out bow hunting at the age of 13 in Colorado hunting deer and elk. He took some time off from hunting while he served in the US Marine Corps but started back up after he was honorable discharged. Neal now lives in East Tennessee where he enjoys fishing, deer, turkey, and ram hunting with his beautiful wife.

He's an avid outdoorsman that connects with the cleanliness of the woods and conservation of the animals he hunts. He's hunted big game in South Africa, Argentina and all over the United States. His preferred hunting methods are archery and long rifle.

DAVID SMITH
US AMBASSADOR

David loves to be outdoors hunting, fishing, camping, sitting by a campfire watching the sun go down. He spends his spring and summers charter fishing in Illinois and Wisconsin chasing Salmon and Trout. As fall arrives you will find David with a bow in his hand and sitting high in a tree waiting for whitetail to make a mistake in Wisconsin and Texas. David also enjoys traveling to new territories for his hunting and fishing adventures all across the US and Central America looking to expand his horizons and knowledge.

David's wife and daughter always knew they couldn't keep him in one place and continue to support his need to spread his wings. He supports his family with his family printing business and handles some of the printing and marketing efforts for African Wild Safaris.

CALEB WILKINS
US AMBASSADOR

Caleb first began hunting in the mid western United States with his father and grandfather. After moving to Wyoming, he discovered his passion for hunting big in the mountains and wilderness of the West.

In addition to hunting and fishing, Caleb is a competitive shooter and involved in various conservation programs in his state. He is the founder and co-owner of Flint Weapon Systems, a custom rifle builder with a focus on long range precision rifles.

GEOFF MCGREGOR
US AMBASSADOR

Geoff starting hunting at the age of 15 with his brother and dad in eastern Nebraska. We focused on pheasants in Nebraska which has always been my favorite species to hunt, its just a perfect blend of recreational movement, socializing with friends and excitement. My favorite species to hunt is White tail deer in Nebraska.

I have hunted or fished, South Africa, Nebraska, Idaho, Texas, Oklahoma, Iowa, South Dakota, Colorado, Louisiana, Canada, and Alaska. Currently obsessing over archery elk hunting.

“.....TEAMWORK MAKES THE DREAM WORK....”

“.....TEAMWORK MAKES THE DREAM WORK....”

JACK SAMP
US AMBASSADOR

Jack is an avid outdoorsman who has been hunting since he was 10 years old but going along with my dad and uncle ever since I could walk. Over the years, I have had many experiences hunting different big game animals throughout my home state of Wyoming: elk, mule deer, pronghorn, and moose. I also have traveled over state lines to Kansas and Nebraska to chase whitetail deer and turkeys. Waterfowl hunting and fishing are other passions of mine. I also enjoy performing agricultural-related work.

Hunting in South Africa was a completely new experience for me, and I was hooked. Going on a safari in Africa was like calling in a big bull elk while archery hunting: The adrenalin rush never gets old, so you want to go back and chase that adrenalin again and again.

SETH HARRIS
US AMBASSADOR

Seth was raised in rural Pennsylvania, shooting nuisance animals on the family farm at a very early age. Hunting big game with his father until old enough to secure his own license, he has appreciated hunting bear, deer, and turkey in the snow-covered Northeastern US.

Now living in the low country of South Carolina, he continues to enjoy big game with a passion for long range, and small game at distance for the increased marksmanship challenges.

Adding the exhilaration of safaris in South Africa has only unlocked a deeper passion for the hunt, experiences, terrain, and species that Africa has to offer.

CAMERON FERGUSON
US AMBASSADOR

Cameron started hunting for doves around the age of 5. I was as the “bird dog” for my dad and brothers. I would go fetch injures doves for them with a BB gun.

My favorite species is a tough one. I'd like to think an elk because it's my number one dream animal and something I hope to do this coming year. Buffalo hunting with the African Wild Safari crew last time in Africa is the most fun I've ever had and I never fired a gun as it was 6 friends with one mission, a lot of adrenaline, and a lot of laughs. African game is another level of adrenaline and challenge that is hard to beat. Rifle is my go to big game. I respect bow hunters, their patience, and the adrenaline from it, but rifles are just too affective long range to not enjoy. I've hunted South Africa, South Carolina, Arkansas, North Carolina, Tennessee, and California.

JOËL DIETENBECK
EU AMBASSADOR

Espace chasse is a hunting organization in Europe. It was created by DIETENBECK Joël who is himself a professional hunter and passionate since his youngest age. Espace chasse has its own territory of 25 000 hectares in Bulgaria where you can hunt deer, fallow deer, roe deer, wild boar, wolf and small game. The territory is entirely managed by us and we mainly hunt quality animals. You also have the possibility to hunt on other of our concessions in the mountains for chamois, mouflon, bear and on the Danube river for waterfowl.

We also have a territory and concessions in northern Germany where we have a very good population of black roe deer for the passionate collectors. For the wild boar and ibex enthusiasts we also have concessions of very high quality trophies in Turkey.

RUAN SMIT
PROFESSIONAL HUNTER

Hunting is in Ruan's blood; a skill and passion passed down through generations. From a very young age he joined his father on many hunts with both local and international clients. By the age of 7 he shot his first Impala. By the age of 18 he had shot over 1000 game animals. At the age of 21 Ruan became a professional hunter whereafter he went to Mozambique where he hunted dangerous game such as buffalo, hippos, crocodiles and elephants. Ruan loves the thrill of the unexpected and has never wavered during leopard, lion or rhino hunts. Ruan thoroughly enjoyed hunts in the neighbouring countries namely Botswana, Zimbabwe and Mozambique. In 2021 he joined the African Wild Safaris team where he continues to live out his passion. Ruan is known for going the extra mile to give his clients the best experience possible.

DIETER PRINSLOO
PROFESSIONAL HUNTER

My dad took me hunting with him from an early age and I successfully hunted my first animal, an Impala, under his guidance at 6 years. I went on my first Big Game Hunt with my dad when I was 13 years old, in the Sapi Safari Area of the Zambezi Valley of Zimbabwe. That was the foundation of my passion for Big Game Hunting. I acquired my Professional Hunter's License when I was 21, and upgraded my License to a Full Big Game License three years later to guide clients on Big Game Hunts. I enjoy guiding clients on any type of hunt whether Big Game, Plains Game, Tiny 10 or Night Critters! I have mainly hunted across South Africa & Zimbabwe throughout the years taking trophies with clients and for myself and have successfully guided clients on all 7 species of Africa's Dangerous 7.

NICO JANSE V RENSBURG
PROFESSIONAL HUNTER

Nico grew up in Limpopo and resides on Leadwood Ranch. He shot his first gemsbuck at the age of 8, with his uncle Glen – owner of African Wild Safaris. Although he also practises bow hunting, Nico found a new respect for precision rifle hunting and also has a keen interest in reloading his own ammunition. Apart from being a Professional Hunter during the hunting season, Nico is also a part time game- and livestock farmer.

Nico has a great passion for fishing – and would spend every free minute he has, luring those big bass and all the diverse species that South Africa offers.

“.....TEAMWORK MAKES THE DREAM WORK....”

CAREL POTGIETER
PROFESSIONAL HUNTER

Carel grew up in the Waterberg Region of Limpopo South Africa. He started hunting with his father at a very young age and participated in his first lion hunt at the age of 15.

Carel is passionate about nature and hunting. Guiding clients in South Africa, Zimbabwe, Mozambique and Luangwa for more than a decade, Carel's exceptional tracking skills earned himself the nickname "Boesman" amongst his fellow hunters and international clients.

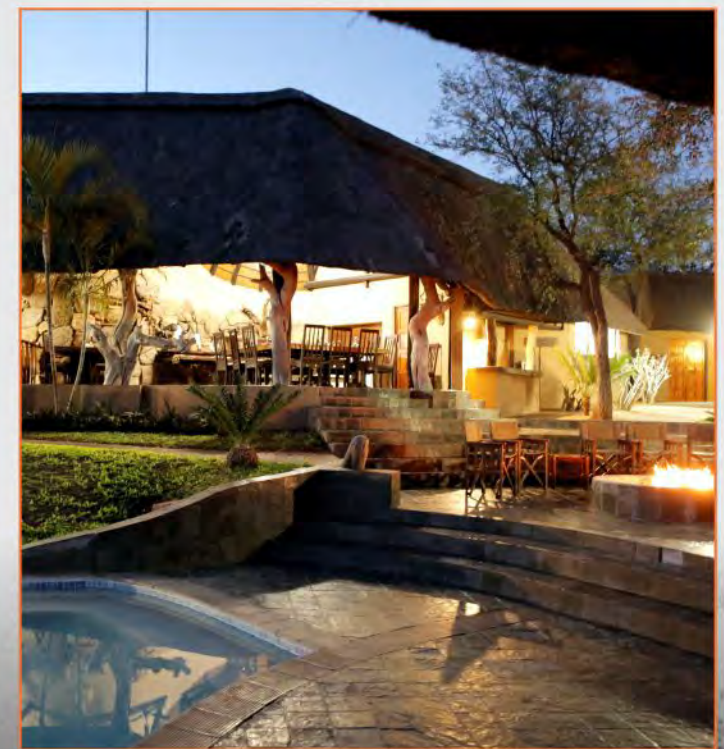

Carel is a firm believer in the traditional walk and stalk hunting method, and his favourite .375 H&H is always on his side.

Carel is an avid outdoorsman, and when he is not hunting or tracking, he spends some time fishing, especially game fish species of South Africa.

INFORMATION

To help make your trip successful, please note the following information and important contacts.

Flight Arrangements

We highly recommend that you use a travel agent who not only specializes in African Travel, but also has the knowledge and experience to handle the special arrangements required for hunters. Although you are free to choose whom you wish, we recommend the services of Travel Express (Montana - USA), or Brooklyn Travel (Brooklyn – SA) - both of which are also a direct link to Africa Sky Boutique Hotel.

Stateside we recommend:

Travel Express

Jennifer Ginn
Stevensville, Montana

SHOOTING RANGE & HIDES

At our 1000 yard shooting range, hunters can prepare and get their guns ready for the hunt.

We have well situated elevated- and ground blinds near waterholes, that will optimize the bowhunters' chance to bag great trophies.

There are also blinds specifically positioned to give the long distance shooter the opportunity to put his skills and equipment to the test.

CONSERVATION & TRAINING

MOPANE INTERMEDIATE SCHOOL

We pride ourselves in supporting the local community and school, and do regular donations. In economically depressed and protein poor rural areas tourist hunting is a viable source of meat for the pot. One hind quarter of a buffalo provide almost 900 lean, healthy servings of meat to people who ordinarily have none.

Even the smallest of donations from good hearted clients make such a big difference in the lives of others. We give a special thanks to Jennifer Murphy and Lindsey Hanson who also donated treats and educational material to the needy children in the poor rural communities.

Ambassador John Martin Eubanks and Jordan Baker visiting one of the local schools and donating some tasty treats.

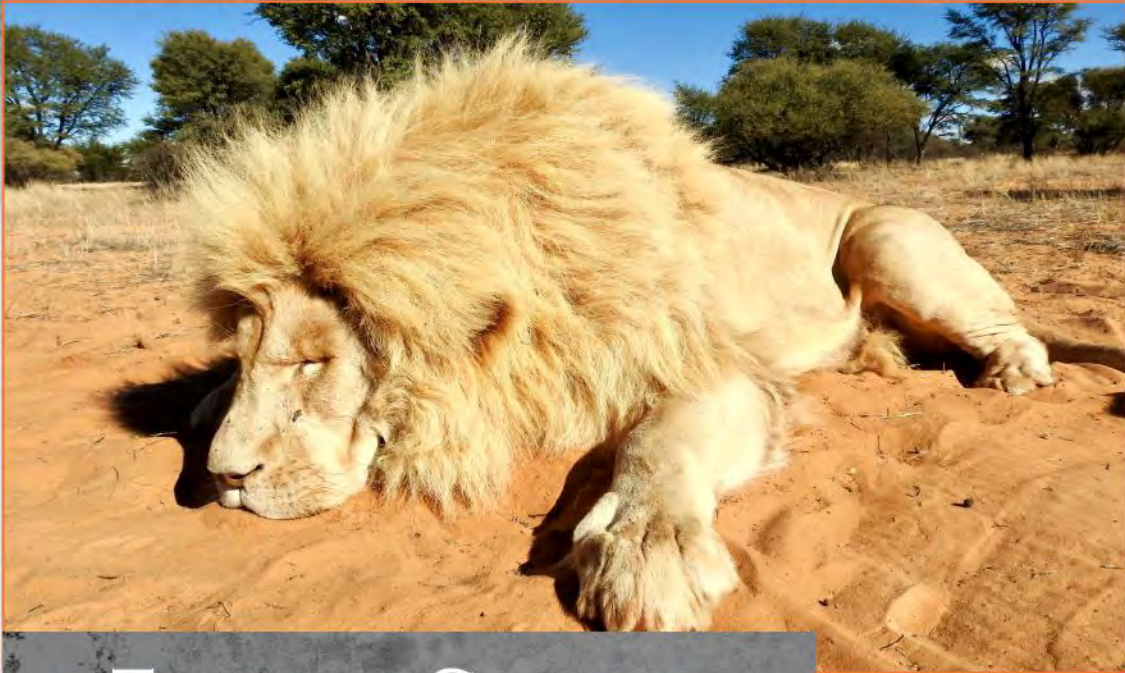

TREE PLANTING

At African Wild Safaris we strive towards planting a tree every day, and also grow our own organic vegetables.

Danielle Halverson donating apparel from her "High Country Clothing Co" brand to needy children in one of the nearby communities.

BOW HUNTING

SPEAR HUNTING "SLOCK MASTER"

Spears were one of the first hunting tools used by humans. This ancient hunting method requires hunters to get up close and personal with their prey in approaching their targets with extreme stealth, patience, self-control and agility to ensure precise strikes and a clean, ethical kill.

CONSERVATION

Although hunting is our main activity, we also pride ourselves in caring for the Protected and Endangered species. Any Ranch Owner will never turn a blind eye on an animal which needs care, weather it is rescuing and releasing leopards caught in snares or hosting a safe facility for the release of our beloved pangolins, to treatment of Specially Protected species like white rhino.

Our new friends from South Carolina, which are all former scholars from Citadel Military School recently assisted us in the treatment of an injured white rhino cow. ▶

Our Veterinarian attending to a female leopard that was caught in a snare a few miles from us. She was relocated here and adapted easily.

SPITTING IMAGE TAXIDERMY

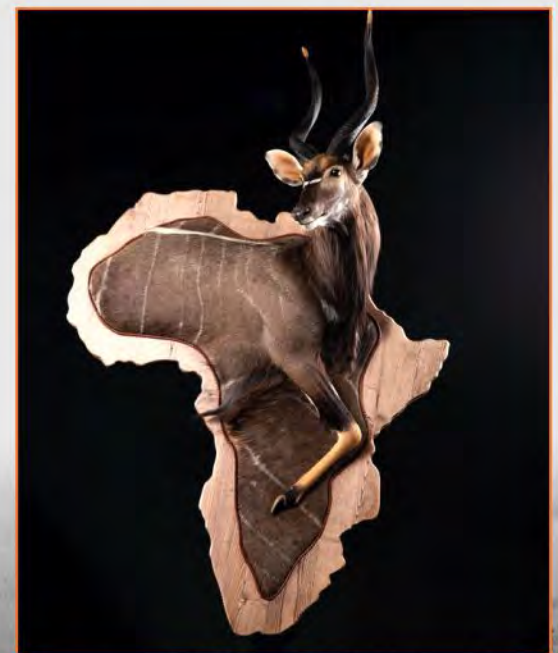

Trophies serve as memories of your adventure in Africa, and no hunt is fully complete until your valuable trophies are on your wall at home to appreciate forever.

Splitting Image Taxidermy is a global Taxidermy and Trophy Management organisation that offers craftsmanship, service and a taxidermy experience Worth Remembering. With over 25 years of experience and a formidable team, we are able to produce lifelike and beautiful works of art to capture your experience.

At Splitting Image Taxidermy, we believe a hunter's experience should be cherished, so we offer a service that honours those unique and special memories, to equip you to tell your adventure story. Every part of your journey with Splitting Image Taxidermy, from communication to craftsmanship, is carefully considered to create an experience Worth Remembering.

FOSSIL ROCK RANCH

FOSSIL ROCK RANCH is a family friendly outdoor paradise in Western Kansas. The ranch offers exclusive recreation opportunities to members and guests. Access to Fossil Rock Ranch can be obtained through booking hunts with Prairie Fire Pheasants or by contacting the ranch directly through its website.

Fossil Rock Ranch not only epitomize outdoor living but is solely aimed at providing various outdoor activities for the whole family to enjoy, including hiking, biking, fishing, swimming, or general lakeside living. The ranch spans over 1000 acres of diverse canyons, prairies, wetlands and wooded areas that are the perfect for pheasants, ducks, geese, and cranes to call home. In addition, the ranch is home to white-tailed deer, mule deer, pronghorn antelope, bobcats, coyotes, raccoons and turkeys.

Fossil Rock Ranch boasts five reservoirs stocked with trophy bass, blue gill, crappie, and catfish. The largest reservoir is over 65 acres in size and can accommodate all water sports activities. During the summers, Fossil Rock Ranch is a family friendly retreat for all ages seeking the lake life. During the fall and winters, access is controlled by booking world-class hunts with Prairie Fire Pheasants.

Guests at the ranch are provided the opportunity to stay in modern log cabins with lakeside views and have access to the fully remodelled Marina with high-speed internet access, pool tables, and areas to relax and enjoy.

FOSSIL ROCK RANCH

Fossil Rock Ranch has something for everyone looking for a private outdoor getaway in Kansas, including:

- fishing,
- hiking,
- hunting,
- trap range,
- canoeing,
- waterskiing,
- bird watching,
- fossil hunting,
- or just relaxing.

Summer activities and access is restricted to guests of Fossil Rock Ranch and more information can be obtained at: www.fossilrr.com or by emailing info@fossilrr.com

To hunt at Fossil Rock Ranch, you must contact **Prairie Fire Pheasants at 307-921-9608** to book your wing shooting adventure.

PRAIRIE FIRE PHEASANTS

Prairie Fire Pheasants is a private hunting reserve in the heart of Kansas. We aim to provide you an unforgettable opportunity to have a great hunt and to make lasting friendships.

Prairie Fire Pheasants operates vast acreages of natural prairie and enhanced habitats that are home to an abundant pheasant population. Additionally, Prairie Fire Pheasants is a licensed game breeder and provides sales of pheasants to public and private entities and individuals for hunting, conservation or population enhancement. We offer traditional hunting opportunities plus the ability to hunt a controlled shooting area that provides for longer hunting seasons and no bag limits. You can hunt behind our world-class pointing dogs or you may choose to take the faster pace of a European style tower hunt. Our lakeside guest accommodations are available to those that wish to extend their hunt or would like to have an outpost for all types of hunting and fishing in western Kansas. Your dogs are welcome and will be secure in our expansive climate controlled kennels.

Prairie Fire Pheasants is your destination for guaranteed shots, whether it be on individual hunts or corporate parties. Find us on Facebook.

ESPACE-CHASSE

Espace chasse is a hunting organization in Europe. It was created by DIETENBECK Joël who is himself a professional hunter and passionate since his youngest age, who will organize hunts full of adventure and unforgettable memories on his own concessions with his staff and his professional hunters. The hunts practiced are the approach, the hunt to the mirador and driven hunt.

Espace chasse has its own territory of 25 000 hectares in Bulgaria where you can hunt deer, fallow deer, roe deer, wild boar, wolf and small game. The territory is entirely managed by us and we mainly hunt quality animals. You also have the possibility to hunt on other of our concessions in the mountains for chamois, mouflon, bear and on the Danube river for waterfowl.

We also have a territory and concessions in northern Germany where we have a very good population of black roe deer for the passionate collectors. For the wild boar and ibex enthusiasts we also have concessions of very high quality trophies in Turkey. You can find us on Facebook under hunting travel

GYS-VAN ALLDAYS

Losing Gys is such a tragedy and a reminder to savor those in your life that we are lucky enough to get to know along this journey.

Gys was such an upstanding human. He was genuine. He was caring. He was attentive. He was humble and appreciative. He had exceptional "decorum." We could tell he had a rambunctious side and loved his stories we coaxed out from his good old boys days as "Gys from Alldays".

Kevin and I loved hearing from him as soon as he FINALLY decided to give WhatsApp a try. Even in text he had such good humor and you could feel his care through the screen! He was appreciated around the world!! He will always be remembered.

Kevin & Mindy Perry

Gys jy was 'n boerseun 1000 - onverskrokke, onvergelykbaar, onvervangbaar !! You were a true legend and loved by all. You lived your life to the fullest - and many times beyond.

Your unrestrained character and extreme sense of humour made you a favourite around every campfire, the mere sight of you brightened our days. You were a simple, down-to-earth man who carried his richness in his heart.

We will cherish your memory forever.

Until we meet again Gys ...

African Wild Safaris offers you the opportunity to hunt the largest variety of game known to any country, from the common to the rare antelope colour variants available in our region. This should make your hunting experience not only memorable, but also very exciting and enticing, especially when the "silent challenge within" rumors and hunters become rivals for the variety trophy....

YOUR PASSPORT
TO QUALITY HUNTS

ROYAL African Wild SAFARIS

A unique opportunity of a lifetime to get your name in the record books with a guaranteed SCI top 10 trophy. We at African Wild Safari's will source you that trophy of a lifetime.
